SIC Code	5072

Core Competencies

Suburban Bolt distributes more than 270,000 disparate industrial supply items and equipment to OEM manufacturers, government and defense industry clients. We specialize in quality fasteners, PVF, and MRO products in a wide variety of sizes, materials, and specifications. We have earned a reputation for delivering rapid response orders of high quality parts, regardless of quantity. Suburban Bolt also performs inventory management services customized to each client's needs, particularly for high throughput production lines and prototype assembly.

Couplings			Te-Co Products	

Differentiators

No Minimum on Stock Items: Clients receive quality products and attentive customer service regardless of the order size on off the shelf stock items. Special order items require minimum quantity purchase.

Crib Scan: Clients decrease costs, reduce stock-outs and emergency orders, and streamline operations with Suburban Bolt's proprietary inventory management system that tracks inventory levels to automate ordering.

Retention: Suburban Bolt retains its employees and clients long-term, our employees and the service they provide is what truly sets us apart from competition.
